

# China best price high purity Teos Cylinder Gas Tetraethylorthosilicate

## **Basic Information**

. Place of Origin: China Brand Name: CMC COA · Certification: Model Number: Teos • Minimum Order Quantity: 1kg • Price: US \$10/kg Cylinder/Tank · Packaging Details: • Delivery Time: 15 days Payment Terms: L/C, T/T . Supply Ability: 50000kg/month

## **Product Specification**

Product Name: Tetraethylorthosilicate
 Widely Used: Semiconductor Technology

Transport: By SeaAnalysis Report: COA

Model No.: TetraethylorthosilicateSpecification: 40L/47L/50L/118L/926L

Trademark: CMC
Origin: China
Supply Ability: 200t/Year
CAS No.: 78-10-4
Formula: Si (Oc2h5) 4
EINECS: 201-083-8

Constituent: Industrial Pure Air
 Grade Standard: Electronic Grade
 Chemical Property: Non-Flammable Gas

## **Product Description**

# **Product Description**

TEOS, or tetraethylorthosilicate, is a chemical compound with the formula Si(OC2H5)4. It is a colorless liquid that is primarily used as a precursor for the synthesis of silicon dioxide (SiO2) or silica materials.

TEOS is commonly employed in the production of silica-based materials such as glass, ceramics, and thin films. It is particularly important in the manufacturing of silicon dioxide coatings and films used in microelectronics, optical fibers, and various types of coatings. TEOS can be hydrolyzed in the presence of water or moisture to form silanol groups, which then condense to create a silica network.

The hydrolysis and condensation reactions of TEOS are often carried out in the presence of a catalyst or under controlled conditions to achieve the desired properties of the resulting silica materials. These materials can have diverse applications, including as insulating layers, dielectrics, protective coatings, and substrates in various technological fields.

It is worth noting that TEOS is a volatile and flammable liquid, so appropriate safety precautions should be taken when handling and using it.

#### Basic Info.

Model NO.	Si (Oc2h5) 4	Transport Package	Y-Cylinder, T-Drum, Tt, Tanker
Specification	20L, 40L, 280L and customizable	Trademark	CMC
Origin	Suzhou, China	HS Code	2812190091
Production Capacity	200t/Year		

#### Product specfication:

 CAS NO.
 11099-06-2

 Purity, %

## Detailed

**Photos** 

Shanghai Kemike Chemical Co., Ltd is staffed by trained personnel, combine many years experience in Gas industry .We supply cylinder gas, electronic gas, etc., and the gas holder, panel, valves and fittings and other equipment, parts and engineering services to our customers in China and worldwide; The products are involved in various industrial fields, such as semiconductor chip, solar cell, LED, TFT-LCD, optical fiber, glass, laser, medicine, etc., Our mission is to partner with our global customers to provide support, solutions and quality products that are innovative, reliable, and safe.

Our products mainly include: H2, O2, N2, Ar, CO2, propane, acetylene, helium, laser mixed gas, SiH4, Sih2cl2, SiHCL3, SiCL4, NH3, CF4, NF3, SF6, HCL, N2O, doping mixed gas (TMB, PH3, B2H6) and other electronic gases.
